ESOTERIC ORDER of DAGON : 01

! Clank clak clik !

Todd ran his hand down lockers lining empty-halls
15 Minutes past the bell the point-of-no-return to class

Any student this late gets writ-up locked-down
Ironically worse than not arriving to class at all

! Clak clank clik !

Echoes of freedom in an environment ever bustling
Distinct silence an ominous affirmation of liberty
Void between law & its capacity to enforce

Todd kept countenance to that ideal of freedom
First from curiosity and then drawn to empowerment

Spite of all ambience, drive, & destination
Uncharacteristic lethargy weighed each step

'Devil has idle hands
'When works harvest

Todd's purpose in the opposite direction
Down flights of stairs to a basement-closet

Todd accumulated slews of clever outs
In event of being caught out alone

Yet the course of action towards basement
Was succeed or face ultimate consequences

Being caught in a faculty-only zone
Nude leap only held two possible outcomes
Success or face the unspeakable horror

No student who ever crossed certain boundaries
Ever dared tell the ordeal of suffering
Which ever after hollowed their resolve

Pulled away, compelled to floors above
Spite years daydreaming culminate this moment

Yet today could only insist
It was just another day

Faith is a trust alone
Led one clearly only
after path taken full-stride

Energy of endless plans now inversely burdened his heart
Endless anticipation loomed as an unexpected hurdle

A being of commitment & resolve unto heart
His heart set his feet aimless step after step

Up stairs to higher floors
Bask in peace appreciated

Few rays of sun bore thru small windows
Each beam exposed dust-polluted air
Solitude paints the details of truth
.
.
.
Mellow ambience shattered in patters of running-feet
Momentum charged nearer to Todd's direction

Fortune placed Todd near a corner and out of sight
Directly-opposite the girls-restroom

Todd rushed inside the forbidden zone
Atop the toilet in the last-stall

Todd permitted a cocky-smirk
To offset the tension of the near-encounter
An instinctual-ingenuity, to hide in the-gurls

Toilet seat was cracked & yellowed-by-age
Proof of its long-perseverance

Under test of Todd's conclusion
The seat buckled in half

!! KAK !!

His left-foot plunged ankle-deep
hour-old piss & shit
A stale-mud-murk
Suctioned his foot from shoe

Outer restroom door quietly opened
Someone made an unsuccessful attempt
To hide in the first-stall

A muffled-yell came from hallway

! BEN

! WE KNOW YOUR

! IN THE GURLS

Heavy-legs-kicked-door-open
near-cracked-gurls-door-in-half

!! BOOM !!

Unexpected-fright broke unprecedented-pressure
Into full-release
Entire school vibrated
In broadcasts of anal-annoucements

!!! BRAPPPPPPPPPPUUUUUUSSSSSSSSSS
!!! PPPPUUUPPPPTTTTTUUUUPPPPP
!!! PPPPPLLLLQQQQQQIIIPPPLLLUUUUKKKKIII

Eruptions of great masses expounded epic-voyages in essays

Monitor hooted out for the entire-floor-to-hear

!!! GAWD

!!! DAMN
!!! BEN G

!!! YOU SHOULDA SAID WHY
!!! YOU NEEDED tHe gah huRls

Trumpet gagged-quiet by gas-particles
Bloom a thick gas concentration

Room silent after door shut & resettled

Building rumbled again synced unanimous laughter
Sound travelled as if each brick echoed to the next

Ben kicked at that first stall-door
braced-shut by legs

!! PAT
!! PAT
!! PAT

'Gonna make your
'Fat-cunt-trap

'Eat that shit
'You scabby-bitch

Todd turnt by comment fronted up

Highly-un-called-for-words
get-learned-by-beat-down

'Back off
'Now

Ben's vengeance spun into a lurch at Todd
Todd was unprepared for the illogically ferocious shift

Ben tackled him full force
Todd's left-foot squirted-piss
Onto Ben as Todd caved in slip

Todd hoisted and slammed-hard against back-wall
His air & will were expunged in full
Not a gasp left for honor

Ben muffled vengeful
'YOU
'are the REASON

Ben positioned his advantage
Set forearms around Todd's neck

'I got
'CHASED

Todd's hand flashed between his own neck and Ben's arms
gripped in vice

Only couple fingers, which Ben knew to be futile
Ben arrogant, cleared to pronounce a victory speech

'walk...
'AROUND

'like you weren't skipping class
'a teacher notified the monitors

Todd's once trivial wedge of fingers
Dug higher & higher up his throat
Until Todd's whole hand was able to pry Ben's arm
With a twist backed by muscular-leverage
The next swing of force was unstoppable

Ben's startled grip evaporated
Ben's aggressive force turnt-against-himself

Todd set forearms now placed Ben into locked-hold
Ben blinded in defeat fought only to squeak out

'got-meeehhh
'chased

!down

After several curses & long-pause
Ben surrendered in rasped breaths

'Alright
'ahhhh
'hole

'made yur
'Poinnn Tah

Todd pushed Ben off to a safe distance

Toilet flushed and another boy joined the scene
In the fog condensed girls restroom

Jordan blushed-out his awkward introduction

'sup yall
'Jordan C here

Others speech-less heaved-air
Jordan obligated filled silence

'Sorry about that
'Tummy probs yo

Jordan scruffed his unkept thick brown hair into a fluff
Two others only able to recouperate composure
.
.
.
Walls washed white layer-after-layer
Unable to conceal caked-red graffiti

Extenuated in dark-recesses between tiles

Piss marked all feminine territory
If only the stain but mostly the smell

Curiosity here only met horrors
All repelled from investigations

hot-box-gas-up no where to go

Till class-period ended
.
.
.
Sound tickled Todd's ear
Enchanted burr, tail-ends of echoes

Before Todd realized he was interested
Drawn close to a wall with the air-vent

Todd startled into an affirmed declaration

'There is a hum
'or maybe a whimper?

Todd looked to the others
Who bored took interest

Jordan put his ear inside the vent

'Probably
‘A god-damn-ghost

Jordan yelled into the air-vent playful

'School is hella-haunted

! suck-a-dick
! Bettsy burns-the-dick

Jordan started to ramble a story
'back in the 50s life hella diff

Todd followed sound to the nearby trash-dump
'shush

Todd opened trash metal flap for better acoustics
Fingers smeared rust colored thick oil

Todd looked inside but the vent dropped to darkness

Todd yelled into the darkness

!! WE CAN HEAR YOU

No sound responded
Only empty warm gusts

Jordan put jaw at Todd

'You just high from fumes noob

'yeah sorry k its gross
‘yeahit butt-fuck

'what-ever
'gets-you-high

‘ya-knows — —

Todd's hand caught Jordan's mouth
Tongue & all

'Waddafkonyourhands

Jordan's jaw busy getting flushed

A call softened from great distance

(elp)

Yet fullness-of-scream
Which rips apart throat-lining

(help)

Jordan ventured between Todd & vent

!! HERE
!! WE ARE HERE

!! WHERE ARE YOU

Jordan’s juicy lips near kissed the rusty lid

!! WE WILL GET
!! THE PRINCIPAL

Todd moved Jordan out of the way
In time to get full brunt of next scream

(nnnneeeeeeehhhhhhooooooooooo)

Shriek took all three back in a tight terror
pitch-to-curl-ear-hair

Todd shouted down to the lid opened by both hands

!! WHO EVER YOU
!! WHERE EVER YOU ARE
!! WE WILL FIND YOU

Todd immediately charged out of the girls restroom
The others followed dazed behind clear resolution
Unable to digest most except the reckless commitment
