DEFINITIONS

Aristocracy:
Public lineages represent all major powers which exist in the nation
True source of power is bound to a known family domicile.

Republic:
Public individuals represent various powers which exist in the nation
True source of power is not public.

Democracy:
Rule of the mob whose whims are a voracious firestorm
Vices rule over currents of public life.

Anarchy:
Natural harmony of the Universe in a state of perpetual violence & liberty
Existence over domain obtained & retained by violence
Only form of government non-dependent upon slaves.

Revolution:
Power over the people being returned to the people
Old structures of power demolished and a new government established:
{ China Russia France }

Jefferson Writ of Habeas Corpus:
Freedom of person, securing every one from imprisonment
Or other bodily restraint
But by the laws of the land
The Habeas Corpus secures every man here
Alien or citizen
Against everything which is not law
Whatever shape it may assume.

Alexander Stephens Paramount Authority:
Rule of land superior to ANY law created by government.

Abstraction:
A declaration that is not bounded by explicit definition.
Such requires interpretation to address, thus current powers dictate meaning.

Paramount Authority of the American People

THE UNANIMOUS DECLARATION OF THE THIRTEEN UNITED STATES OF AMERICA

When, in the course of human events
It becomes necessary for one people
To dissolve the political bands which have connected them with another
And to assume, among the powers of the earth
The separate and equal station to which the laws of nature
And of nature's God entitle them
A decent respect to the opinions of mankind
Requires that they should declare the causes which impel them to the separation

We hold these truths to be SELF-EVIDENT
That all men are created equal
That they are endowed by their Creator with certain unalienable rights
That among these, are life, liberty, and the pursuit of happiness.
That, to secure these rights, governments are instituted among men
Deriving their JUST powers from the consent of the governed
That whenever any form of government becomes destructible of these ends
It is the RIGHT of the people
To alter or abolish it
And institute a new government
Laying its foundation on such principles
And organizing its powers in such form
As to them shall seem most likely to effect their safety and happiness
...
It is their right
It is their duty
To throw off such government and to provide new guards for their future security

BEGINNINGS

American Nation is devoid of scholarship
Understanding is enslaved to indoctrination of inbred institutionalism.

American Entitlement has spawned a new species of subservient man
Which has cloned itself globally in every nation which is labeled Democratic.

–

American Revolution is a lie.

There existed only the American Independence from the British Crown.

Power structures which had local roots sustained before & after independence
	Excluding primarily all whose power singularly arose from the King.

China, Russian, & French enacted true Revolutions
	Power over the people, returned to the people.

Ruling power will kill the people to retain power and will die if they lose power.
If the ruling class lived after the event
	Moreso if they retained power
		Then this excludes the possibility of a Revolution.

Ruling class of Colonists revolted against the Crown, and alone had any gain.
Citizen found to gain higher taxes for a worse form of inept government.

Americans were sold a French Revolution but were jewT
	After ten years of proof kikery
	People began to impose a democratic government

A Constitution was stolen into being
	Written by the Ruling class in control { pre, post, & current }
	To force a Republic government upon all States
	Exclude all possibility of any state attaining Democracy.

_

Democracy is an idiot form of government.
Ruling class gain position by bribery at the cost of longterm health.
Power is directly in the people, and its rulers are slaves to the whims of the mob.

Democracy led to the destruction of the Roman Republic.

_

Three dominant political forces of the United States of America:
	Regional popular power - loose knit amorphous mob
	Nationalist power - tight knit yet outnumbered
	Federalist power - tight knit and majority

Nationalist power intend to subject the State governments to a single rule
	One body of government from Foreign to Local.

Nationalists are entirely contradictory to the founding Documents
	Minority by proof of this contradictory nature
	They sequester the sympathy of the Popular Power by illusions
		Promises of Power to the People, void of structure to enforce power.

_

Declaration of Independence is the Paramount Authority of the American Citizen.
Endowment of the Individual as the right to claim Supreme Authority.

CONSTITUTION OF THE CONFEDERATE AMERICAN STATES

History of the Federation of American States:

1776 Established the Articles of Confederation
Each State was an equal Independent & Sovereign State
Change to the Constitution required unanimity between all states.

1787 Established the Constitution of the United States of America
a more perfect union of the Articles of Confederation
Federalist government established itself upon a fatal contradiction
Independent & Sovereign States were subject to majority rule.

–

Constitution promised checks & balances of government.
Yet existed clear & blatant loopholes which allowed each branch to conquer the others.

Distinguishing character between two classes of statements of the Constitution
Honest statements which existed concise & clear
Without dependence upon interpretation of the courts
Study will prove all Inter State accords are Honest statements.
Liar statements which depend upon Abstraction
Nature of Abstraction REQUIRED courts to interpret the statement
Power in such domain was explicitly given to the current power.

Amendments are proof of the true nature against the unnatural nature
Of the Ruling Class which established the core of the Government.

–

Judicial Branch may interpret the Constitution and thus circumvent any clause without check.
Articles of Confederation hosted no Abstraction and required no current Court
Courts invited by Abstraction, seeped to corrupt plain statements of State accords.

Legislative Branch can has the power to Tax without check, and thus destroy without check.

Executive Branch as the power to command all military power, to take without check.

–

Articles of Confederation AND its sequel the Constitution
Exclude all power of the Individual to control over government
American Government founded contradictory to its own Paramount Authority.

Jewish tactic Bait & Switch of the Constitution:
HABEAS CORPUS

The Privilege of the Writ of Habeas Corpus shall not be suspended

Plain clarity similar to State to State interactions
Subverted with the loop hole of Abstraction

unless when in cases of rebellion or invasion the public safety may require it

Thus citizen acting in accordance to the Declaration of Independence
Equated to the invader in the justice of the Republican Government.

LIMITATION

To make all Laws which shall be necessary and proper for carrying into Execution

The foregoing Powers, and all other Powers vested by this Constitution

Abstraction in its most severe form.

This Constitution and the Laws of the United States ...

Shall be the supreme Law of the Land

And the Judges in every State shall be bound thereby

Any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

An individual can only be subject to one Sovereign

In the original Confederation an individual answered only to the State
Rule of law was set by known local rulers.

National Government is rule of law isolated from its subjected individuals
This set a national mechanism in contradiction to its federal nature.

The powers not delegated to the United States by the Constitution

Nor prohibited by it to the States

Are reserved to the States respectively

Or to the people.

National Government has unbounded power explicit, by abstraction

There are no powers which remain to States or even the people
Every appearance of the term 'the people' is slapstick veneer.

The Constitution was built to fail; failure defaults powers to whoever holds the keys.

Citizen is the source of all power, except when they disagree with the current power
Then the citizen is equated to Invader.

Nationalist mechanisms to an explicit Federal Government.
States were deprived of their Sovereignty
In the same treachery States used to deprive Individuals of Liberty!

–

American Government is a Federation of Independent & Sovereign States.
One Nation from all Global interactions.
Separate Independent States in all internal interactions.

Federal constitution is the agreement which was set & implemented by the States
To effect a harmonious inter-state relationship

All Power which is not explicitly set in such constitution
Such Power retained by each Independent & Sovereign State.

–

Senate is the dominant federal machinery which governs State interaction.
Each State is given equal Senate Federal Power.

House of Representatives is a State structure.
State is given Representative Federal Power based upon populace.

Electoral College is a State structure.
State is given Federal Power to elect the President of the Federation.

American Government is a government of Inter State powers.
There is not a single mechanism which gives power to the people.

Abraham Liar Lincoln declared the baseless illusion
"Government of the people, by people, for the people."

There exist no power of the 'People' to influence government between States in America.

–

Checks of Power
All legislative powers herein granted
Shall be vested in a congress of the United States
Which shall consist of a Senate And House of Representatives

Structure of Voting amongst the Senate:
The Senate of the United States shall be composed of two Senators from each State
Chosen by THE LEGISLATOR thereof.

Structure of Voting amongst the State Electoral College:
They shall make a list of all the persons voted for
And of the number of votes for each
Which list they shall sign and certify
The President of the Senate shall
In the presence of the Senate and the House of Representatives
Open all the certificates
And the votes shall be then counted.

Structure of Voting amongst the People:
The House of Representatives shall be composed of members
Chosen every second year by the people of the several States.

Legislator & Electoral College are State built structures.
Each State manipulates election by dividing the state into Districts
A State election has no reason to subdivide.

We the People can only vote within the structures set within, and controlled by the States.
Dependence upon the State is proof that the States, not the people, set as supreme power.

States vote accountable to each other.
People vote within dictates of each State.

States police themselves
Judges are for life
Senators can not be impeached
House of Representatives 'Chosen ... by the people' within structures built by each State.

The only statement more perverse in Abstraction than
'The House of Representatives shall be ... chosen every second year by the people'
Is the statement
'The judges ... shall hold their Offices during good behaviour'

–

Legally, the Constitution was a Confederation of Independent & Sovereign Republic States.
Effectually, the Constitution was an installation of consolidation of all powers into tyranny.

States had the legal right to secede; Virginia retained this right in the ratification of the Constitution.
Tyranny had the institutions to destroy all who opposed the will of tyranny.

NORTHERN STATES INVADE SOUTHERN STATES

1850 Northern States confederated in a unofficial by effective alliance
Illegally violation of the Constitution of generations
Actions proof Constitution was a document voided by Northern States.

"*No State shall enter into any Treaty, Alliance, or Confederation.*"

"*A Person charged in any State with ... Crime, who shall flee from Justice, and be found in another State, shall on demand of the executive authority of the State from which he fled, be delivered*"

1860 Southern States after a decade, ruled that Northern States voided the Constitution.
Judgment freed the Southern States from perpetual union.

First Inaugural Address of Abraham Liar Lincoln

MONDAY, MARCH 4, 1861
Fellow-Citizens of the United States:
In compliance with a custom as old as the Government itself, I appear before you to address you briefly and to take in your presence the oath prescribed by the Constitution of the United States to be taken by the President before he enters on the execution of this office."

...
Apprehension seems to exist among the people of the Southern States
That by the accession of a Republican Administration
Their property and their peace and personal security are to be endangered.

There has never been any reasonable cause for such apprehension.
Indeed, the most ample evidence to the contrary
Has all the while existed and been open to their inspection.
* It is found in nearly all the published speeches of him who now addresses you.*
I do but quote from one of those speeches when I declare that:

> I have no purpose, directly or indirectly, to interfere
> With the institution of slavery in the States where it exists.
> I believe I have no lawful right to do so, and I have no inclination to do so.

> Those who nominated and elected me did so with full knowledge
> That I had made this and many similar declarations and had never recanted them
...
> Resolved, That the maintenance inviolate of the rights of the States
> And especially the right of each State to order and control its own domestic institutions according to its own judgment exclusively
> Is essential to that balance of power on which the perfection and endurance of our political fabric depend
> * And we denounce the lawless invasion by armed force of the soil of any State or Territory, no matter what pretext, as among the gravest of crimes. *

–

April 15 1861
Lincoln declared to raise troops to invade the South.
April 27 1861
Lincoln voided the most sacred Constitutional Clause of Habeus Corpus

Then the Northern States invaded the Southern States.

Logistics of invasion can not be readied in so short of time.

_

1865 The Nationalist Victory of Conquest
Voided the Federal Constitution of Independent & Sovereign States.

Abraham Lincoln instituted a government without constitutional documentation
Which existed behind the mask of the Constitution of the United States of America.

The government was national and no longer federal.
States, and much less citizens, were no longer Independent & Sovereign.
Nation governed by a Republic, which existed independent of states and its citizens.

_

Guilt lies within the citizens of the Northern States
They did not protect their independence with arms
Forced into the slavery of Conscription
In full knowledge that they would kill their neighbors and take their lands.
Filth valued what the Government threatened to take away
Above the unalienable rights of their Southern Brothers.

Bear arms kill that Yankee slave!

CONCLUSION

1986 Born in Mountain Home, Idaho.
Laws of this nation are not spawned from any official Constitution.
Citizens have no power in government.
Laws only subjugate the enslaved people.

American imprisoned sub-slave class is built from the whims of the ruling class
Caged station of life the extreme of human objectification.

Abraham Lincoln set all men equal to the Negro Slave
All sub-slaves equal to the inanimate mechanism.

Patriotic Idiot of America is given entitlements to labels without substance
Free, landowners, source of all power.

There exist no effective Bill of Rights.
There exists only lease of land.
Laws bear NO resemblance to the general public.

Fifty States caged by white bars ELSE red slaughter.

Delusion of the condemned slaves sing in the pits

_

The creators of the American Government held that the source of all power in the government
Is We the People.

The government can punish the innocent not being proven guilty by jury
And immediately execute in difficult times.

Endowed as the source of all power
We the People are thus given ALL the rights & privileges of any government power
As the minimum set of abilities.

We the People are then empowered to Purge
By bodily restraint capture government officials
Who have rebelled against the source documents of these united states
In difficult times, these officials may be summarily executed.

We the People, will be held to answer
Before jury of peers of their hometown shall be tried for murder
Before jury of the peers of the hometown of the dead shall be tried for legitimacy
If found guilty in the later then the case will be judged by national vote.

We the People are the primordial foundation
Above local, state, and federal governments
Will of the People will be by a direct accountable poll by all who choose to jury
Each shall be held in future against the very summary verdict submitted

Any government official which violates the source of all power of government
Shall be thus marked for summary execution as violator of the foundation.
